Southern Pacific

Local and Personal

Miss Della Cook came home this week from her school at Colusa.

Mrs. Matthews and daughter have gone to Pacific Grove to spend six weeks.

Miss Vera Fabinger is at home again for a vacation from her hospital duties.

Professor Rubell drove home this week from Hollister, a distance of fifty miles.

Mrs. Gerow has returned from the O'Connor Sanitarium much improved in health.

Miss Mary Lewis and Miss Ernestine Kennedy went to Mount Hermon on Monday.

Mrs. Maria Poor went on Tuesday to Hotel-de-Redwood. She will return on Saturday.

Carpenter work by day or hour, odd jobs, shop at Miracle's lumber yard, A. W. Adams.

J. H. Campbell and family and Mrs. B. Campbell left today for a few days' sojourn at Capitola.

Mr. Hoag has made extensive improvements on his house preparatory to the summer work.

Friends of Miss Vera Corchran will be glad to hear that she is improving from her long weeks of sickness.

Miss Mabel Ross has returned to spend her vacation at home after her year of school teaching at Lone Oak.

The annual meeting of the W. C. T. U. will be held with Mrs. Kennedy on Wednesday afternoon, June 29th at 2:30 o'clock.

Don Marshman was elected Student-body president of the Normal School, which we consider quite an honor for our Campbell boy.

Mrs. Henry N. Eaton and little daughter of Alameda are visiting for a few days at the home of Mr. and Mrs. P. G. Keith of Hamilton Ave.

After July 1st the shoe repairing shop of E. E. Sower will be located in the new Sutter building. Up-to-date repairing at reasonable prices.

W. H. Donaldson of Gridley had business at San Francisco so came down to Campbell and visited with his parents, Mr. and Mrs. Wm. Donaldson, from Thursday until Friday.

Men's suits and ladies' clothes cleaned, pressed and dyed in first-class shape by experienced workmen. Leave orders at Rev. Lewis' cottage, on Central avenue. John Wheeler.

The friends of Miss Rose Silva will be pleased to learn that she is doing finely and hopes to be well enough to return home in a few weeks. She has been very sick at Lane Hospital, San Francisco.

Mrs. Randall and family after a long absence has returned to their home on the Los Gatos road and Hamilton Ave. A few days ago their daughter Catherine fell while roller-skating and broke her arm.

Mrs. Dennis of Alameda, who is one of the directors of the San Francisco Ladies' Protection and Relief Society for Orphans and other children who need a home, is spending a few weeks at the home of Mrs. Coates on First Street.

Rev. C. E. Irons of San Francisco stopped off at Campbell Monday for a short visit with J. C. Lloyd and family. Mr. Irons was on his way to Mt. Hermon where he takes part in the school of methods of the Epworth League Institute in session there this week.

Improvement Club

The Campbell Improvement Club met on Monday evening and was presided over by President Sawyer. The principal business attended to was the matter of fixing up the park. Chas. Berry, who was appointed sometime ago as special committee to solicit funds for paying off the indebtedness of \$9.00 due for trimming hedge and additional money for present needed improvements, reported that he already had received \$27.50, and that he expected to realize \$25.00 clear of all indebtedness.

President Sawyer reported receiving a communication from the Political Equality Club suggesting that the park be attended to.

It was moved and seconded that the hedge be taken down on all sides except along the railroad track on the west. Carried. The action first to be referred to the railway company for approval.

A committee of three was appointed, Mr. Berry, chairman, Mr. Ainsley, and one to be chosen from and by the Political Equality Club to superintend the work on the park.

A motion was made and carried that the Club endorse the efforts of the County Promotion Committee to secure from the County Supervisors a one per cent tax appropriation for County advertising purposes.

E. R. Kennedy was appointed a member of the County Promotion Committee, in addition to J. D. Sawyer, to represent Campbell.

Roosevelt Reception Grand Affair

Men of Congregational Church Give Unique Entertainment. Teddy Brings Home Fine Specimens

While women are coming to the front in the management of affairs over which men control, are beginning to interest themselves in the duties which so many women seem anxious to leave behind. The men of the Congregational Church have made rapid progress in culinary lines, as was evidenced by the splendid supper which they prepared and served at the church last Friday night. The occasion was the annual Men's Social, which is always an interesting affair.

The supper was served from 5:30 to 7:30 o'clock and a large crowd of hungry people were present and partook of a fifty-cent meal for fifteen cents. G. L. Beaver was chairman of the committee on refreshments the proceeds from which netted \$44.73.

E. A. Allen had charge of the program, which was given in the auditorium at eight o'clock. Mr. Allen "personally conducted" the audience to the City of Washington, describing many interesting scenes on the way. At the Capital Congress was in session and many for the first time got an idea of how that dignified body makes the laws of our glorious republic. Mr. Allen impersonated Speaker Cannon in a manner which created much amusement, and the frequency and force with which the speaker wielded the gavel promised dire destruction to the furniture.

Master Harold Marshman sang a song, the words of which were written by his father, Rev. D. M. Marshman, for this special occasion. The song was too good to be forgotten and we print the words entire.

THE MEN'S SOCIAL

By D. M. M.

(Tune, "Yip-I-addy-I-ay")

The men folks of Campbell, John, William, and Samuel,
Give a social at least once a year.

Adepts at fine baking, bread, pies, and cake-making.

They are surely the souls of good cheer.

The ladies invited are always delighted,

They are sure of an elegant spread.

With appetites hearty at this dinner party

Each one was overheard to have said:

Chorus.

E-Yip-I-addy-I-ay-I-ay!

E-Yip-I-addy-I-ay!

Here's the place where it's good to be,

At this social and dinner party.

E-Yip-I-addy-I-ay-I-ay!

Gay, jolly good fellows are they.

They are fine to amuse

For they drive off the blues.

Yip-I-addy-I-ay!

There's meat, and hot gravy, and beans,

labeled "navy."

And cabbage a-la sauer kraut.

The prunes were stewed slowly.

The cheese it was holey, and lively as

skippers, no doubt.

The bread was "salt risin'," cottee,

strong as mild pizen,

Doughnuts were a sight for sore eyes.

Cakes and pies were unrivaled, the ham

it was deviled,

And salads would sure take the prize.

Chorus.

Distinguished in cooking, our hosts are

good looking.

As great entertainers they shine.

By their invitation a large delegation

of nobles came here to dine.

There's Taft, and there's Cannon, who

needs a good tannin,

And Teddy, who has long been away.

These and others will meet you, and as

kindly they greet you,

We all can most heartily say:

Chorus.

The men folks of Campbell, though they

never gamble,

Wish to give us a bit of by-play.

They are Congressmen, Presidents—all

the old residents

Personate others that way.

Just watch them this evening, for "see-

ing's believing."

Hear the speeches and witty retorts.

And you'll say that from Campbell you

need not to ramble,

Nor wander to other resorts.

The feature of the evening was the reception given Theodore Roosevelt on his

return from the big hunt. J. F. Duncan

represented Uncle Sam in a manner that

made us all proud we were American

citizens. G. L. Beaver was President

Taft to perfection. Dr. Cooper represented

Professor Brice of England; Professor

Snow, the Germans; Theo. Cutting, France; and Mr. Atkinson our

honored E. A. Hayes of San Jose. The star

actor of the evening was Professor Smith,

who made one feel that he was in the

saying that probably was "the way the G. O. P. looks to our enemies and some of our friends;" Brice received a British lion skin; Mr. Cutting, for France a stuffed coon; Cannon a bobcat; an immense vertebrate—Roosevelt's surplus of backbone—for President Taft; a "Teddy Bear"—an insurgent—for "Red" Hayes. These gifts were brought in one at a time by an attendant. Next came a big, live elephant for the President, with the statement from Mr. Roosevelt, "as the G. O. P. looks to us." A tall giraffe was given to the German representative.

The entertainment ended by a grand parade of all the specimens, each one bearing a placard "Roosevelt, 1912."

HIRAM JOHNSON

who will speak in Campbell next Monday at 3:30 o'clock.

Prize Essay Entertainment

There was a fair audience at the Coffee Club last Monday evening to hear the essays written by students from the High and Grammar schools.

The hall was prettily decorated with flags, Shasta daisies and woodwardia ferns.

Mrs. Whitman presided and gave the plan and purpose of the essay contests; of their success nearly a million essays having been written this past year by students in the universities, colleges, high schools and graded schools.

California is to be congratulated upon having won two National prizes; the \$100.00 prize to Mr. Peterson of University of the Pacific having been awarded at the last National W. C. T. U. Convention.

Mr. Robt. Sholz and Mrs. Emily Gard furnished piano and violin music and were encored with much enthusiasm.

The three judges appointed by the W. C. T. U. had given their verdict and in the grade school contest had awarded the prize to Agnes Stewart, who read her essay "What is the Harm in a Glass of Wine." Miss Agnes was presented with the prize in appreciative and fitting words by Mrs. Austin. There was a second essay by Hope Lent "Effects of Tobacco" read by Miss Hope. After which Mrs. Austin presented her with a large bouquet of roses tied with white ribbon.

Master Harold Marshman sang a bright, spicy song which was roundly encored and a second sweet song was most kindly given. Miss Claudine Rubell acting as accompanist.

The Judges had awarded the \$5.00 prize which Campbell W. C. T. U. had offered students in the High School, to Mr. George Jaderquist. His essay was read by Miss Louise Austin with much credit to herself and the subject, "The Value of Total Abstinence to a Life."

Miss Bessie Palmer in charming voice and manner read her excellent essay upon "The Curse of the Moderate Drinker."

In presenting the prize to Mr. Jaderquist, Mrs. Whitman expressed the hope that the principles so ably set forth in his essay would be strictly adhered to, thro' life and felt sure they would. Mr. Jaderquist was enjoined to see that his teachers faithfully teach scientific temperance instruction,—when a few years hence he shall occupy the office of school trustee; and, when later he shall take his place in the State Legislature, that he will by voice and pen, advocate the principles for which the Woman's Christian Temperance Union labors and prays. Also that when in coming years, his voice shall be heard in the U. S. Congress it shall ring forth with no uncertain sound in behalf of every righteous cause.

As an expression of love and appreciation Miss Palmer was presented with a bouquet of carnations tied with white ribbon, the emblem of the organization, and the wish expressed that she shall continue to use her talents in promoting highest ideals and thus become a valued and faithful member of the "League of the Golden Pen."

There was more music by Mr. Sholz and Mrs. Gard. The ladies served ice cream and cake and a social time closed the entertainment.

Mrs. and Miss Sykes will leave for the East in a few days to be gone till September.

Five Generations Dine Together

Mr. and Mrs. F. O. Putnam entertained a party at dinner Sunday. The guests of honor being Mr. and Mrs. Brainard and Misses Lina and Muriel Brainard of San Francisco. An interesting feature of the happy gathering was that five generations dined together, namely: great-grandmother, Mrs. J. D. Berry; great-grandmother, Mrs. M. J. Wilson; grandmother, Mrs. M. E. Hoerler; Harley E. Hoerler, father; and Little Miss Ida Hoerler being the fair representative of the fifth generation.

Moving Picture Show Each Monday Night

On each Monday night, excepting the second Monday of the month, Campbellites will be entertained by a moving picture show. Manager G. A. Borman, of the Theatre Santa Clara, will visit town once a week and exhibit a line of most interesting and exciting pictures. The show will be held at the Odd Fellow hall, doors open at 7:45 p. m. Admission 10 cents. A Dance will be held after the show.

WORLD'S NEWS PRESENTED IN BRIEF ITEMS

Events of Both Hemispheres
Compiled in Pithy Form
For Busy Readers

Here You Will Find a Resume of
Happenings in Almost Every
Part of the Earth.

New York.—At the 27th annual convention of the American National Association of Masters of Dancing it was decided that the authorized tempo for waltzes is to be fifty-five measures to the minute.

New Milford, Conn.—At the field day meet of the Ingleside School for Girls here Caroline Hale of New York City broke the world's record for girls in the running high jump by clearing the bar at 4 feet 7 1/2 inches.

Brussels.—Heavy rains throughout Belgium have been followed in the lower lying districts by flood conditions, creating heavy losses. Bridges have been carried away and stock drowned. The village of Moos has been devastated by the vagrant waters.

Washington.—What is commonly designated the plumbing trust is under investigation by the Department of Justice. The so-called combination has various ramifications and one feature of it has been popularly called the "hardware" or the "bathtub" trust.

Minneapolis, N. Y.—A verdict for six cents was returned by a jury here against the Metropolitan Bank of New York in favor of the Independent Improvement Company. Damages of \$5,000 were asked because the bank refused to accept a check in part payment of a note it held.

Norfolk, Neb.—Willie E. Reed, a former law partner of ex-United States Senator William V. Allen, has announced his candidacy before the Democratic primaries for the United States Senatorship nomination in opposition to Bryan's option issue. The friends of Bryan have begun an active canvass in his interests.

New York.—Kuhn, Loeb & Co. recently closed negotiations for the sale of \$25,000,000 of Southern Pacific San Francisco terminal first mortgage 4 per cent bonds to an European syndicate. It is stated that the bonds are to be issued to reimburse the Southern Pacific Company for money expended in acquiring terminal properties in San Francisco.

Atlantic City, N. J.—Over \$10,000 worth of gowns was ruined by the bursting of hose while firemen were extinguishing a fire here. Thousands of theatergoers had rushed to the scene of the conflagration when the bursted hose threw tons of water over the spectators. Women wearing handsome evening gowns were unable to get out of the way before their dresses were drenched and ruined.

New York.—"Rag time songs and music have about served their purpose and are gradually going out of popular esteem," according to J. L. Tindale, president of the Music Publishers' Association of the United States, which held its annual session here last week. "Ragtime of the trivial sort and the ordinarily slangy music of the popular sort will be a thing of the past in five years," he said.

Sarajevo, Bosnia.—General Varasani de Vares, military Governor of Bosnia and Herzegovina, narrowly escaped assassination a few days ago. He was returning to the palace after having opened the Diet, when a Socialist named Karacic fired five shots at him from a revolver. None of the bullets hit De Vares. The assassin, following the failure of his attempt on the life of the Governor, shot and killed himself.

Phoenix, A. T.—Dr. O. L. Mahoney, a pioneer of Arizona, has undertaken to provide collars and license tags for every canine impounded by Phoenix dog catchers. It is estimated that the physician's love of dogs will cost him \$2,000 before those in Phoenix are provided with life-preservers. Dr. Mahoney is wealthy and declares he can spend his money in no other way that will afford him the pleasure he derives from defending luckless canines.

WHEAT YIELD DECREASED BY IMPROPER SOIL TREATMENT

Bulletin Issued by State University
Explains Scientific Growing.

San Francisco.—Scientific growing of wheat, based on experiments conducted in California, is comprehensively treated in a bulletin just issued by the United States Department of Agriculture. The experiments were conducted under the general supervision of Professor G. W. Shaw of the University of California with the co-operation of the Bureau of Plant Industry of the United States Department of Agriculture.

Chul, and the various other wheats grown in the State, are discussed in the bulletin, and the proper method of fertilizing in order to gain best results, as well as the time for planting, is given. The title of the bulletin is "Improvement of the Wheat Crop in California." The bulletin was prepared by H. F. Blanchard of the department and was written with special reference to the conditions in the San Joaquin valley.

Professor Shaw recently returned from a tour of inspection in the San Joaquin and Sacramento valleys. Speaking of the bulletin, he said:

"The results of these investigations have been so correlated that they will be of benefit to the California grain grower in effecting improvement in soil fertility, in the yield of wheat per acre and the milling quality of the wheat produced.

"The bulletin urges the cultivation of smaller areas to grain with more intensive methods of culture, and shows quite clearly that by such a practice the profit from grain farming may be quite easily doubled. The improved methods advocated are the practice of deep plowing, the increase of soil humus by turning under green manure crops, and the cleaning of the land of weeds, and, finally, the use of types of grain of higher milling value.

"The increase of humus in the top foot is of vital importance for improving the physical and the chemical condition of the soil. The most valuable crops for supplying this humus in the shape of green manure is a mixture of rye and peas. In order to get the maximum effect from the green manure crop, the spring plowing for turning under the green stuff should be deep."

Aeroplane Form Union.

New York.—The International Association of Machinists has begun the work of organizing aeroplane mechanics into a branch of the association. A statement from one of the international officers says: "The aeroplane mechanics are increasing rapidly in numbers and they are taken from the ranks of the automobile machinists, who have a branch union of the international association. They will be united in a branch union of their own under the eight-hour system. The wages received at present are in general satisfactory."

Women Honor Memory of Mark Twain.

New York.—A bust of Samuel L. Clemens (Mark Twain), which is to adorn the proposed memorial to be erected here, has just been completed by Louis Potter, the sculptor. Plans for the memorial are being rapidly pushed by a committee of the Gotham Club, an organization of women. It is to be paid for entirely by subscriptions from women admirers of the author.

Thief Leaves Family Destitute.

San Diego.—H. W. Koehler of Detroit, Mich., who arrived in this city recently with his wife and three children, discovered that \$300 which he supposed was sewed up in the pocket of his trousers was missing, some thief having cut the pocket open to get the money. It is believed the money was stolen on the train coming to this city. The family is penniless.

Paper Magnate Indicted.

Washington.—The Federal Grand Jury returned an indictment against Peter G. Thomson, president of the Champion Coated Paper Company of Hamilton, Ohio, charging attempted bribery in connection with the furnishing to the Government of paper for postal cards.

Could Not See Father Suffer.

Cheyenne, Wyo.—Grieving over the condition of his father at Waynesboro, Pa., who met with an accident recently, Warren W. Richardson, sergeant of Company A, Hospital Corps, shot and killed himself at the barracks at Fort Russell, near here.

Government Will Close Smelter.

New York.—Private wire advices from California say that the forestry department of the Government will close down the Bully Hill smelter July 1st because of the fumes.

San Francisco and New Orleans Racing for \$7,500,000.

San Francisco.—To the city, either New Orleans or San Francisco, or possibly both, raising \$7,500,000 will be awarded the exposition in 1915 in celebration of the opening of the Panama canal, this being the text of the resolutions reported by the House Committee on Foreign Affairs. And, as if in direct answer to the action in Washington, was the mass meeting held in the Merchants' Exchange when it was given out that San Francisco had raised already \$5,750,000, and with prolonged cheering and hand-clapping the assembly pledged itself to raise the full \$7,500,000. Incidentally, the meeting, running riot with enthusiasm, subscribed another \$100,000 to the general pool.

While the general tenor of the meeting was that the total sum required by Congress should be raised by individual subscription, a resolution was passed unanimously asking the municipality of San Francisco to take the necessary steps and bond itself for \$5,000,000 for the purpose of the Panama-Pacific exposition.

The action of the congressional committee was totally unexpected. The belief was that it would decide one way or another, giving the exposition to either New Orleans or San Francisco. Instead, it reported favorably on resolutions in favor of both San Francisco and New Orleans.

The meeting at the Merchants' Exchange was packed to the doors. Present there were the leading men of the city. The news from Washington had been made public a few hours before in a telegram from James Rolph Jr. and Charles S. Aiken, who are in Washington working for San Francisco. The telegram was as follows:

"House committee has reported out favorably. Both San Francisco and

New Orleans resolutions amended by raising the amounts of subscriptions to \$7,500,000. The President is therefore authorized upon passage of resolutions to recognize the city first raising the sum. San Francisco, with her indomitable pluck and unexcelled courage, can easily accomplish any task proposed and San Francisco ultimately can win. Good wishes to you all."

Washington.—Unwilling to favor either of the rival Panama Exposition cities, San Francisco or New Orleans, the House Committee on Foreign Affairs decided to report favorably two resolutions, authorizing the President to invite foreign nations to participate in each exposition to be held in the two cities whenever each city had raised \$7,500,000 for the purpose of holding its exposition. The Senate committee has taken no action on similar measures, and neither House will act on them during the present session.

The New Orleans contingent appeared jubilant over the committee's action, claiming it was in their favor and a blow at San Francisco. The San Francisco adherents admitted that the action was not what they wanted, but declared they could raise any amount necessary to gain Government endorsement of the fair.

The committee adopted the resolutions of both Representative Kahn of California and Representative Estep of Louisiana. They were nearly identical.

It is the belief of many that New Orleans will be unable to raise the required \$7,500,000, and that San Francisco will easily do so. In that event there will be but one exposition, and it will be held in the Pacific Coast metropolis.

\$100,000 For Man Who Exposed Sugar Trust Frauds

Washington.—The amount that Richard Parr will receive for uncovering the sugar trust frauds will be \$100,000. Secretary of the Treasury MacVeagh decided on this figure after the cabinet had discussed the matter. Either a special appropriation will have to be made by Congress or an arrangement made with Parr to pay him on the installment plan.

Parr is practically a nervous wreck and will be granted a year's leave of absence.

Secretary MacVeagh said: "Parr was sought to be bribed with offers of very large sums of money, but resisted all offers."

Parr was responsible for the recovery of \$2,100,000 in defaulted duties, though the Government will realize annually \$400,000 per year more.

New York.—Mr. Parr was informed of the decision of the President and the Secretary of the Treasury.

"The reward is just about one-tenth

of what I expected," he said bitterly. "The Government gives me \$100,000 just like a master drops a crumb to a yellow dog. It makes no difference if the dog has saved millions of his master's property from thieves."

"I suppose to an outsider the sum would seem large," continued Parr, "but to me, who has been through so much to earn it, it seems pitifully small. I did not mention any amount in my claim, which, by the way, was filed over a year ago. But I relied on securing at least 35 per cent of the money I had saved the Government, which would have amounted to almost \$800,000."

Parr's friends say he is entitled to awards on three other large recoveries by the United States, namely, the Arbuckle Sugar Refinery, the National Sugar Refining Company and the Federal Sugar Refining Company.

The amounts of restitution total \$3,550,000.

Keen Demand for Cream Sends Up Dairymen's Profits

Stockton.—The demand for cream during the past three months has exceeded all previous records by far and resulted in a shortage of first-class butter in the San Joaquin valley. Orders for cream have been pouring in from San Francisco, Los Angeles and other Western points, and the dairymen have secured such good figures that many of them have stopped shipping to creameries or having their cream turned into butter. This has caused quite an increase in the price of creamery butter. Grocers who have been in the habit of making contracts early each summer for their winter supply of butter, both creamery and storage, cannot get a firm in San

Francisco or about the bay to give them figures. They are informed that the supply is so short that no agreements will be made even a month or two ahead.

Those who have been closely following the situation declare that the only remedy is the planting of more alfalfa or other dairy food products. Land suitable for alfalfa is steadily increasing in value and will soon be very high. The canned cream factories are also calling upon the farmers and dairies for cream, but many of them have been unable to secure as much cream as they require. It is claimed that the profits from dairies are the largest at present ever known.

Forest Fire in Sonora.

Naco, A. T.—The entire mining town of Movarabi, in Sonora, including a ten-stamp mill, has been destroyed by the forest fire that is sweeping the Ojo and Bacoachi mountains. The miners had a narrow escape for their lives and had to build back-fires to enable them to flee to Cananea.

Sand Bar in Sacramento River.

Sacramento.—A sand bar is forming in the Sacramento river at the mouth of the American river, a short distance above the bridge connecting the Sacramento and tributaries, and is giving much trouble to river craft.

Town Free of Japanese.

Seattle.—All Japanese have been driven from the sawmill town of Darrington, in Snohomish county. No violence was offered. The United States Lumber Company, whose sawmill supports the town of Darrington, announced that the Japanese laborers would be sent back to the mill at any cost.

Floods in Switzerland.

Berne, Switzerland.—Inundations in the eastern and central districts of Switzerland have caused immense damage. A landslide at Altorf buried a factory building, killing ten children employed there.

ROOSEVELT GIVEN ROUSING WELCOME UPON RETURN HOME

Greets Admirers With Cheery Words
and Characteristic Smile.

New York.—Last Saturday morning Theodore Roosevelt set foot on home shores for the first time in nearly 15 months, and received a rousing welcome. He bore with his usual buoyancy a day of heavy fatigue, public duties and private emotions commingled, and at 4:40 o'clock in the afternoon, after a family reunion at the home of Theron Butler, grandfather of his prospective daughter-in-law, Miss Eleanor Butler Alexander, left the city he had surveyed the same morning from aloft, reviewed in parade ashore and greeted by explicit word of mouth, to be welcomed more intimately by his life-long neighbors at Oyster Bay, Long Island.

As a private citizen he was the same plain, outspoken, vigorous man of words and deeds the city of his birth has known for 30 years as Assemblyman, Police Commissioner, Assistant Secretary of the Navy, Colonel of the Rough Riders, Governor of the State, Vice-President and President of the nation, and, more latterly, ambassador to the jungle and monitor to those who sit in the seats of the mighty.

He had an expansive smile for everybody, a cheery word for "the boys," his old friends, the newspapermen, a pat anecdote for the politicians, and greetings of affection for his old command, the Rough Riders, and a quick eye for absolutely everything.

Lyman Abbott, he called "partner," Jacob Riis was plain "Jake," Assemblyman "Paradise Jimmy" Oliver was greeted by his nickname; Senator Thomas Grady, his old antagonist in State politics, he greeted jovially, and so it went down the line.

"Roosevelt good luck" still followed him. Though hot and sultry, the weather held fair until after the marine parade, the exercises at the battery and the march up Broadway and Fifth avenue to Central Park had been carried through with punctuality and precision, and then it rained great guns.

It cleared again shortly before 5 o'clock in plenty of time to give his eager fellow citizens of Long Island ample time to see him standing on the rear platform of his special train as he waved them a welcome.

Steel Trust Wants Cats.

Chicago.—The United States Steel Corporation at Gary wants cats. The demand for cats is due to the number of rats that infest the plant. For months the company has been pestered by rodents, and every known form of poison and traps has been tried without success. The final blow came when one of the rats got tangled up in one of the great dynamos which gives power to the blast-furnace mill. This tied up the works for several hours and resulted in the loss of several thousand dollars. Gary was searched in vain for stray cats, and as a last resort an advertisement was inserted in a Gary paper.

Fatally Injured in Runaway.

Grass Valley.—Fred Rheinhardt, an employe at the Gassaway ranch, was fatally injured in a runaway accident. He was driving a team attached to a load of hay when the animals became frightened and ran away. Rheinhardt was thrown from the load onto the pole of the wagon and was dragged some distance. He finally fell beneath one of the wheels, which passed over him.

Former College Athlete a Burglar.

Los Angeles.—Raymond M. Wiley, putative son of a wealthy business man of Rutherford, N. J., and former college athlete of note, was held to the Superior Court on a charge of burglary. Bail was fixed at \$3,000, which he was unable to provide. James E. Yankle, whose residence Wiley was caught in the act of looting, was the principal witness.

Dies of Lye Poisoning.

Seattle.—Mrs. Harry Germond, 30 years old, died at a hospital as a result of lye poisoning. In a fit of despondency last April Mrs. Germond swallowed a quantity of concentrated lye with suicidal intent. She was taken to a hospital, where she lingered two months before death resulted.

San Diego to Vote on Fair Bonds.

San Diego.—August 9th has been fixed as the date on which the voters of San Diego will be asked to authorize an issue of \$3,500,000 bonds for the international exposition in 1915 and municipal improvements, including a gas and electric plant.

Unloaded Gun Not Deadly Weapon.

Los Angeles.—Police Judge Ross a few days ago held that an unloaded revolver is not a deadly weapon and dismissed a guntoter, arrested on the charge of carrying concealed weapons.

NEWS OF WEEK FROM ALL THE COAST STATES

Occurrences Along the Pacific
Slope Presented in Compendious Array.

Passing Events Among Your Neighbors Briefly Told in Short, Newsy Paragraphs.

Tacoma.—Dry winds, hot weather and lack of rain have cost Eastern Washington grain raisers a loss of \$10,000,000 to \$15,000,000 during the last two weeks.

Vallejo.—Mrs. Edward Campion was burned to death when her home here was destroyed by fire. She has been an invalid for some time, and was alone in the house when the fire occurred.

Livermore.—Residents of this city are excited over the splendid showing of the oil wells a short distance from this town. Livermore people are financially interested in the wells and feel that the recent showing will bring prosperity to the whole section.

Seattle.—A new bonanza gold field, with quartz assaying from \$30 to \$75 a ton, has been discovered in the Bonfield district, 300 miles north of Seward, Alaska. The new bonanza is a quartz dyke, running forty miles west and easily accessible from Seward.

Vallejo.—The Board of Public Works recommended that the City Trustees call a special election submitting a proposition to bond the city for \$320,000 for municipal improvements, consisting of a joint City Hall and Branch County Jail, a lighting plant and improved water and sewer systems.

Lakeview, Or.—His rifle knocked to pieces by the bullet from a gun in a posse man's hands, and himself wounded by another bullet, Ike Harold, a shepherd, slayer of Walter and Herbert Newell, sons of his employer, was captured after a chase of six days, and now lies in the county jail at Lakeview.

Belle Vista.—A fire of unknown origin, which started in J. B. Terry's box factory, destroyed that building, two large warehouses filled with box shooks, finished lumber, sashes and doors and eight Southern Pacific freight cars laden with lumber. The loss is about \$45,000; insurance \$30,000. Fifty men and boys were thrown out of employment.

San Francisco.—Honolulu will soon have its first opportunity to decide whether or not it will be a dry town. The sentiment is about divided, according to Governor W. F. Frear, who passed through this city last week from Honolulu on his way East. The election is to be held July 26th, at which the citizens of the island port will vote for or against prohibition.

Sacramento.—Sacramento was given assurance in a telegram from the Interior Department at Washington that a big band of Cheyenne river Sioux Indians from the reservation in Wyoming will be allowed permission to visit this city next September to participate in the "Dawn of Gold Fiesta" and celebration to be given by the citizens of this city in connection with the State Fair.

Los Angeles.—Projected improvements calling for the expenditure of \$2,000,000 by the Santa Fe Railroad in California, have been abandoned. The reason, according to a statement that came from the offices of the company, is that the Government's action in holding up the proposed increase in freight rates has made it impossible to procure the necessary money on equitable terms.

Pasadena.—In its haste to cut rates below those of the Pasadena municipal electric lighting plant, the Edison Company has placed itself in a somewhat difficult position by overlooking a clause in the Pasadena ordinance for the sale of electricity, which provides that no rate shall be increased without the consent of the City Council. The people are therefore assured of cheap light and power for some time.

Los Angeles.—Elmer E. Rowell, alleged swindler and bail jumper, for whom detectives have searched for many months on bench warrants issued by the Superior Court, was captured last week at the home of a friend in this city. Rowell, who was accused of having swindled clients on a mining deal, disappeared before the date set for his trial last year. The State is suing two of his relatives at the present time for \$11,000, for which sum they went on his bond.

CAMPBELL INTERURBAN PRESS

PUBLISHED EVERY FRIDAY

LEWIS C. DICK

Editor and Publisher

Subscription, \$1.00 per Year in Advance
Display Adv., (2 or more inches) 50c an inch per month. 1 inch 75c per month.
Notices of Entertainments where a charge is made, Cards of Thanks, etc., 5c per line.

Entered as second-class matter September 30, 1904, at the Postoffice at Campbell, California, under the Act of Congress of March 3, 1879.

The "People's Column" a New Department for the Press

The Interurban Press has now been under the present management for five months. Since that time the office has been moved from a little dark, back room to a light and airy building by itself; a steady compositor is employed; running expenses have been increased three or four times what they were six months ago; and by referring to the files we find that we are setting two or three times the amount of local news. This has all been done with the thought that Campbell could and would support a better paper. We have gone to this expense and work with the firm belief that when we did our part—that is, when we put out a paper that the people would care to subscribe for and read—the general public would be ready with its support. During these months we have kept careful accounts, and now find that the expense and work is not justified by the returns. As we undertook this work with little experience in newspaper lines we have had to learn much by actual contact with its problems. Not being educated for a writer, we find it difficult to produce creditable reading matter. We might do much better were it not necessary to work so hurriedly. Furthermore, we might take the time for the work if there were any returns to come from it. But to spend most of our time collecting news matter, writing it up, then printing it, and, when the end of the month comes and collections are made and bills paid, find nothing left for personal and living expenses, is not conducive to the longevity of the paper. Were it not for the job printing which occasionally comes to the office the paper could not live at all. During the past month we have had as much job work as in the previous four months. This makes the outlook more encouraging.

In order to have more time for profitable employment, and at the same time to produce a more interesting paper, we have decided to ask the aid of some of our intellectual readers; many of whom are broad-minded students and ready writers. Therefore, we will run a "People's Column," in which we will be pleased to publish articles on a variety of subjects by various men and women of the community. All such articles will bear the signatures of the writers. Quite a number of our leading citizens have been approached and found ready to contribute something for the general public. Further explanation of this new plan will be given next week, at which time we hope to introduce the first contributor.

The large amount of job printing that has required our attention this week, and the additional advertising in the paper has necessitated leaving much important reading matter over until next week, especially the articles relative to commencement week.

FOR SALE—A good town lot, 50 x 140 feet, 12 prune trees. Enquire at Press office.

Rooms For Rent—furnished or unfurnished. Apply to Mrs. Cook, Harrison Ave.

Farmers' Bulletin for the Library

Through the kindness and thoughtfulness of Hon. E. A. Hayes, our Representative in Congress, the Campbell Free Library has received a complete set of the Bulletins of the Agricultural Department, in fifteen volumes, beautifully bound. Mr. Hayes deserves the thanks of the Library Association and of the entire community.

The following letter, dated at Washington, June 13th, was received by Mr. Janes:

My dear Sir:

I am sending you a complete set, or very nearly complete, of Farmers' Bulletins as thus far published, bound in fifteen volumes. These books are very hard to get and represent quite a large outlay of money, and should prove very valuable to many of the readers in your Library. I, therefore, hope that you will let it be known that they are there, and take good care of them, as it would probably be quite impossible to secure another set.

Very truly yours,
E. A. HAYES.

China Shower

On Saturday afternoon last at the home of Mrs. S. L. Hayes Miss Minnie Dawson was given a delightful surprise in the form of a shower of China; but the shower was so gentle that none of the beautiful dishes were broken. There were eighteen of her lady friends present and all had a most delightful time. Delicious refreshments were served.

Country Woman's Club Endorse Movement for Sane Fourth

The Country Woman's Club held its last meeting for the season on Monday afternoon in the Reading Room. There being a good attendance of both members and visitors. Mrs. Janes presided, and the program, a most interesting one, was under the direction of Mrs. Shaw. On motion of Mrs. J. Fred Smith, the club endorsed the movement that is taking place all over the Country for a sane Fourth.

After the program a little "Kaffee Klatsch," as the Germans call it, was enjoyed by all present.

The meetings are to be resumed at call of the President.

Attention Mainetites

The Santa Clara County Maine Association will hold their annual Picnic at Congress Springs, Saratoga, June 30, 1910. All natives of Maine and their immediate families are cordially invited to be present, and enjoy the day. Basket lunch—coffee only furnished. Car lines will give reduced rates.

EXCHANGE

114 acres grain or dairy and alfalfa land in Kings County. 5 room modern house. Small barn. Plenty of artesian water. Located 2 miles from Corcoran. Price \$100.00 per acre. Mortgage \$6000.00. Will exchange equity for 10 acres in this vicinity. It is worth your while to investigate this.

The Fruit Season IS CLOSE AT HAND

The Farmers Union is ready to supply you with everything that's needed from the pails for picking to the jars for preserving.

We have a big stock of lye and sulphur, and fruit growers and driers will do well to get in touch with us before the season begins.

A complete stock of general merchandise is offered at the Farmers Union; whatever is needed in the home and about the farm can be bought here, and usually for less money than you'll have to pay at most places.

Our various lines embrace Provisions, Crockery, Teas and Coffees, Hardware, Farm and Garden Implements, etc.

Careful attention given to all mail orders. It will pay you to become a regular patron at "Santa Clara County's Greatest General Merchandise Store."

Write us for prices on anything you need.

Formerly the PRATT-KERR OPTICAL CO.

NOTICE TO TAXPAYERS

The law requires each and every person who owns any class of property to annually, during the months of March, April or May, file a statement with the Assessor or his deputy in the county where the property is located. You should give a statement of all property owned by you on the FIRST MONDAY IN MARCH AT 12 O'CLOCK M.
If you hold mortgages or trust deeds against others, send in mortgage statement early in March; so proper deductions can be made showing amount due on each mortgage or trust deed on the first Monday of March at 12 o'clock m.
Remember, if you fail to give in your assessment you fail to comply with the law and may cause yourself, the Assessor and Tax Collector much trouble, and very likely cause yourself expense.
Poll Tax is now due and payable at the Assessor's office or to a deputy. After the FIRST MONDAY IN JULY \$1 will be added.
It is much more satisfactory to the Assessor, as well as to yourself, to have your assessment correct when you go to pay your taxes.

(4-30) L. A. SPITZER, Assessor.

Values That Will Bring Crowds of Men To Our Store During Our Semi-Annual Clearance Sale

Here's a genuine sale, Gentlemen—a real opportunity—a bona fide price-lowering on clothing and furnishings of the highest order. No value-juggling, no exploitation of half-truths, no misrepresentations.

Every six months we clean house—gather up all odd garments, all twos and threes, all broken lots and scattered lines, and clear them out at any cost. We don't claim to sell you a dollar's worth for ten cents, to make you rich in a day, to stretch your money from ten to twenty times as far as it will usually go—but we do say that our sales offer opportunities for real saving that are seldom—very seldom—equalled.

Sale Starts Thursday, June 23rd

This season we'll surpass our best efforts. We've more merchandise to clear away than usual, to be frank with you. The construction work on the new First National Bank building has been a serious handicap to us—for months entrance to our store was all but completely blocked.

There's no use beating around the bush. This hindrance cut into our business and checked what promised to be an exceptional season. We planned for a big season—but we overstepped the mark and now have considerable more goods to dispose of than we would ordinarily have had.

However, we're not asking for sympathy. We're explaining the predicament so that you may appreciate the force behind these prices—so that you may know that this sale is based upon sound sense and good reason. The goods are here and we've got to clear them out—that's all. And we promise you better values than you've ever been offered before.

THAD. W. HOBSON CO.

16 W. Santa Clara St. = = San Jose
